CandyRific has introduced "Madagascar: Escape 2 Africa" items to its novelty candy line. With Giggle Heads, kids can shake the characters left and right to hear them giggle. Each Giggle Head holds a .38-ounce strawberry lollipop in the base. Sticker Stampers feature a 3-in-1 candy: stamper and stickers for "entertainment and a treat," the company says. Candy Tins, available in four themes, feature tins filled with a .74-ounce Airheads Xtreme Sweetly Sour Strawberry Roll. Suggested retail price is \$2.99 for the first two products and \$2.49 for Candy Tins.
