## CandyRific

CandyRific is launching a wild twist on some of its most popular items for the release of the movie, "Madagascar: Escape 2 Africa."

It'll be hitting the candy shelves this October with these featured Madagascar items: Gigggle Heads—shake the character left and right to hear giggles. Each holds an 11-oz. strawberry lollipop in the base (MSRP \$2.99); Sticker Stampers—a 3-in-1 candy, stamper and stickers treat. The character at the top lifts up to become a stamper, also contains 15 character-themed stickers and two Airheads® Mini Bars (MSRP \$2.99); and Candy Tins—zip-up candy tins/bag accessories available in four different themes, sealed with a zipper and come with a keychain attachment. Characters appear on one side, with a matching quote on the other side. The tins are filled with a 21-gram Airheads® Xtreme Sweetly Sour Strawberry Roll (MSRP \$2.49). <http://www.candyrific.com>.
